Curriculum vitae

PERSONAL INFORMATION	
First name and family name	Isidora Prosic
Date and place of birth	10.05.1992., Novi Sad, Serbia
Work address	Bulevar Oslobođenja 18, 11000, Belgrade, Serbia
Phone	+381637528645
E-mail	isidora.prosic@vet.bg.ac.rs isidora.prosic@gmail.com
EDUCATION	
2014 – 2020	Integrated Academic Studies, Faculty of Veterinary Medicine, University of Belgrade (grade point average: 9.45)
2020 – now	PhD Studies, Faculty of Veterinary Medicine, University of Belgrade
SCHOLARSHIPS AND AWARDS	
2017.	Dragoljub Marinković Foundation, University Scholarship
2019.	Awarded first place for best student scientific research work presented at 9 th Conference of the Student Center for Scientific Research

	Work, Faculty of Veterinary Medicine, University of Belgrade and also presented at the 60 th Serbian Students Conference of Biomedical Sciences with International Participation, Kopaonik, Republic of Serbia
PROFESSIONAL EXPERIENCE	
2021 – now	Research Trainee, Department of Microbiology, Faculty of Veterinary Medicine, University of Belgrade
2023 – now	Teaching Assistant, Department of Microbiology, Faculty of Veterinary Medicine, University of Belgrade
TEACHING EXPERIENCE	
2023 – now	Practical lectures on the following subjects: Microbiology and immunology 1 and Microbiology and immunology 2, Department of Microbiology, Faculty of Veterinary Medicine, University of Belgrade
COURSES	
2018.	World Antimicrobial Awareness Week, Faculty of Medicine, University of Belgrade
2018.	PCR in medical and biomedical research, Department for molecular genetics, Research Center Petnica
RESEARCH FOCUS	
<ul style="list-style-type: none"> • Antimicrobial resistance and antimicrobial alternatives • Microbiome and bioinformatics tools for microbiome analysis • Molecular bacteriology 	
SKILLS	
<p>Laboratory skills:</p> <p>Isolation and identification of the bacteria and fungi from different samples using routine diagnostic methods; antimicrobial susceptibility testing of bacteria and fungi; use of molecular methods in clinical microbiology diagnostics, in detection of antimicrobial resistance genes and genotyping (DNA and RNA isolation, gel electrophoresis, PCR and qPCR, Multilocus sequence typing-MLST), plasmid isolation and detection of plasmid antimicrobial resistance genes,</p>	

plasmid transformation in bacterial cells, serological reactions (agglutination and ELISA), bioinformatics tools in bacterial genome analysis.

Language skills:

English (proficient)

Other skills:

- MS Office package
- Adobe Illustrator
- WordPress Website Builder
- Bioinformatics tools and databases

PARTICIPATION IN PROJECTS

- 2021 – now: Institutional project financing of researchers supported by the Ministry of science, technological development and innovation of the Republic of Serbia (Contract no. 451-03-68/2022-14/200143).
- 2022. “Efficacy of tannins in the control of colibacillosis of poultry”, Lead investigator: Dr Dejan Krnjaic; the Serbian Innovation Fund granted an Innovation voucher (number 1157) intended for use by Porcus vitalis d.o.o., Belgrade.
- 2023 – now: „European Network for diagnosis and treatment of antibiotic-resistant bacterial infections (EURESTOP) – COST action: CA21145, project coordinator: Mattia Mori, University of Siena, Italy.
- 2024 – now: „Exploring the Avian Microbial Frontier: Metagenomic Surveillance of Infectious Diseases and Antimicrobial Resistance in Wild Birds (MetAvian)“ - Program for financing project proposals for early stage carrer scientist - PROMIS 2023, Science Fund, Republic of Serbia. Project no: 10945, Lead investigator: Dr Gospava Lazić, Scientific Veterinary Instittue “Novi Sad“.
- 2024. (now) „Examining the impact of tannins on the immune system of broilers under conditions of chronic heat stress“ Lead investigator: Dr Dejan Krnjaic; the Serbian Innovation Fund granted an Innovation voucher (1641) intended for use by Porcus vitalis d.o.o., Belgrade.
- 2024. (now) „Examining the selective impact of tannins from sweet chestnut tree on the poultry microbiome“ Lead investigator: Dr Dejan Krnjaic; the Serbian Innovation Fund granted an Innovation voucher (1642) intended for use by Porcus vitalis d.o.o., Belgrade.
